Notes on Document Control

This document is the property of The Park Federation Academy Trust and its contents are confidential. It must not be reproduced, loaned or passed to a 3rd party without the permission of the authoriser.

It is controlled within the Park Federation Academy Trust Admin Server where the electronic master is held and can be accessed on a read only basis, subject to security permissions.

Users of the document are responsible for ensuring that they are working with the current version.

Paper or electronic copies may be taken for remote working etc. However, all paper copies or electronic copies not held within the Admin Server are uncontrolled. Hence the footer 'DOCUMENT UNCONTROLLED WHEN PRINTED' which must not be changed.

Once issued, as a minimum this document shall be reviewed on an annual basis by the originating team/function. Any amendments shall be identified by a vertical line adjacent to the right-hand margin.

To enable continuous improvement, all readers encouraged to notify the author of errors, omissions and any other form of feedback.

PSHE (Personal, Social, Health Education) Policy (including Health and Relationships Education statutory from September 2020, and Sex Education)

Context

All schools must provide a curriculum that is broadly based, balanced and meets the needs of all pupils. Under section 78 of the Education Act 2002 and the Academies Act 2010, a PSHE curriculum:

- Promotes the spiritual, moral, cultural, mental and physical development of pupils at the school and of society, and
- Prepares pupils at the school for the opportunities, responsibilities and experiences of later life.

Health and Relationships Education (including Sex Education)

At Wood End Park Academy, we teach Personal, Social, Health Education (PSHE) including Sex Education as a whole-school approach to underpin children's development as people and because we believe that this also supports their learning capacity.

The Jigsaw Programme offers us a comprehensive, carefully thought-through Scheme of Work which brings consistency and progression to our children's learning in this vital curriculum area.

The overview of the programme can be seen on our school website.

This also supports the "Personal Development" and "Behaviour and Attitude" aspects required under the Ofsted Inspection Framework, as well as significantly contributing to the school's Safeguarding and Equality Duties, the Government's British Values agenda and the SMSC (Spiritual, Moral, Social, Cultural) development opportunities provided for our children.

Statutory Relationships and Health Education

"The Relationships Education, Relationships and Sex Education and Health Education (England) Regulations 2019, made under sections 34 and 35 of the Children and Social Work Act 2017, make Relationships Education compulsory for all pupils receiving primary education... They also make Health Education compulsory in all schools except independent schools. Personal, Social, Health and Economic Education (PSHE) continues to be compulsory in independent schools."

DfE Guidance p.8

"Today's children and young people are growing up in an increasingly complex world and living their lives seamlessly on and offline. This presents many positive and exciting opportunities, but also challenges and risks. In this environment, children and young people need to know how to be safe and healthy, and how to manage their academic, personal and social lives in a positive way."

"This is why we have made Relationships Education compulsory in all primary schools in England... as well as making Health Education compulsory in all state-funded schools."

“In primary schools, we want the subjects to put in place the key building blocks of healthy, respectful relationships, focusing on family and friendships, in all contexts, including online. This will sit alongside the essential understanding of how to be healthy.”

“These subjects represent a huge opportunity to help our children and young people develop. The knowledge and attributes gained will support their own, and others’ wellbeing and attainment and help young people to become successful and happy adults who make a meaningful contribution to society.”

Secretary of State Foreword DfE Guidance 2019 p.4-5

“Schools are free to determine how to deliver the content set out in the DfE guidance 2019 in the context of a broad and balanced curriculum. Effective teaching in these subjects will ensure that core knowledge is broken down into units of manageable size and communicated clearly to pupils, in a carefully sequenced way, within a planned programme of lessons.”

DfE Guidance p.8

“All schools must have in place a written policy for Relationships Education and RSE.”

DfE Guidance p.11

At Wood End Park Academy we value PSHE as one way to support children’s development as human beings, to enable them to understand and respect who they are, respect others, to empower them with a voice and to equip them for life and learning.

We include the statutory Relationships and Health Education within our whole-school PSHE Programme and the non-statutory programme of Sex Education.

To ensure progression and a spiral curriculum, we use Jigsaw, a mindful approach to these areas, as our main teaching and learning programme and tailor it to children’s needs. The mapping document in Jigsaw shows exactly how Jigsaw and therefore our school, meets the statutory Relationships and Health Education requirements.

We always use the most up to date teaching materials and check our teachers feel well-supported.

Our policy is informed by existing DfE guidance:

- [Keeping Children Safe in Education](#) (statutory guidance)
- [Respectful School Communities: Self Review and Signposting Tool](#) (a tool to support a whole school approach that promotes respect and discipline)
- [Behaviour and Discipline in Schools](#) (advice for schools, including advice for appropriate behaviour between pupils)
- [Equality Act 2010 and schools](#)
- [SEND code of practice: 0 to 25 years](#) (statutory guidance)
- [Alternative Provision](#) (statutory guidance)
- [Mental Health and Behaviour in Schools](#) (advice for schools)
- [Preventing and Tackling Bullying](#) (advice for schools, including advice on [cyberbullying](#))
- [Sexual violence and sexual harassment between children in schools](#) (advice for schools)
- [The Equality and Human Rights Commission Advice and Guidance](#) (provides advice on avoiding discrimination in a variety of educational contexts)

- [Promoting Fundamental British Values as part of SMSC in schools](#) (guidance for maintained schools on promoting basic important British values as part of pupils' spiritual, moral, social and cultural (SMSC))
- [SMSC requirements for independent schools](#) (guidance for independent schools on how they should support pupils' spiritual, moral, social and cultural development).

The Jigsaw Programme is aligned to the PSHE Association Programmes of Study for PSHE.

Jigsaw covers all areas of PSHE for the primary phase including statutory Relationships and Health Education and optional Sex Education. The table below gives the learning theme of each of the six Puzzles (units) and these are taught across the school; the learning deepens and broadens every year.

Term	Puzzle (Unit)	Content
Autumn 1:	Being Me in My World	Includes understanding my own identity and how I fit well in the class, school and global community. The Jigsaw Charter is established.
Autumn 2:	Celebrating Difference	Includes anti-bullying (cyber and homophobic bullying included) and respecting all others
Spring 1:	Dreams and Goals	Includes goal-setting, aspirations, who do I want to become and what would I like to do for work and to contribute to society
Spring 2:	Healthy Me	Includes drugs and alcohol education, self-esteem and confidence as well as healthy lifestyle choices, sleep, nutrition, rest and exercise
Summer 1:	Relationships	Includes understanding friendship, family and other relationships, conflict resolution and communication skills, bereavement and loss
Summer 2:	Changing Me	Includes Relationships and Sex Education in the context of coping positively with change

At Wood End Park Academy we dedicate weekly time for PSHE each week in order to teach the PSHE knowledge and skills in a developmental and age-appropriate way.

These explicit lessons are reinforced and enhanced in many ways:

- Assemblies, reward system, charters, our school values, through relationships child to child, adult to child and adult to adult across the school. We aim to 'live' what is learnt and apply it to everyday situations in the school community.
- Class teachers deliver the weekly lessons to their own classes.

Health Education

What does the DfE statutory guidance on Health Education expect children to know by the time they leave primary school?

Health Education in primary schools will cover:

- Mental Wellbeing
- Internet safety and harms
- Physical health and fitness
- Healthy eating
- Drugs, alcohol and tobacco

Health and prevention
Basic First Aid
Changing adolescent body.

The expected outcomes for each of these elements can be found further on in this policy. The way the Jigsaw Programme covers these is explained in the mapping document: Jigsaw 3-11 and Statutory Relationships and Health Education.

It is important to explain that whilst the Healthy Me Puzzle (unit) in Jigsaw covers most of the statutory Health Education, some of the outcomes are taught elsewhere in Jigsaw e.g. emotional and mental health is nurtured every lesson through the Calm me time, social skills are grown every lesson through the Connect us activity and respect is enhanced through the use of the Jigsaw Charter.

Also, teaching children about puberty is now a statutory requirement which sits within the Health Education part of the DfE guidance within the 'Changing adolescent body' strand, and in Jigsaw this is taught as part of the Changing Me Puzzle (unit).

Again, the mapping document transparently shows how the Jigsaw whole-school approach spirals the learning and meets all statutory requirements and more.

Sex Education

The DfE Guidance 2019 (p.23) recommends that all primary schools 'have a sex education programme tailored to the age and the physical and emotional maturity of the pupils.

However, 'Sex Education is not compulsory in primary schools'. (p. 23)

Sex Education 'should ensure that both boys and girls are prepared for the changes that adolescence brings and – drawing on knowledge of the human life cycle set out in the national curriculum for science - how a baby is conceived and born'.

At Wood End Park Academy, we believe children should understand sex education before they leave primary school and this is taught in Years 5 and 6.

We inform parents of their right to request their child be withdrawn from the PSHE lessons that explicitly teach sex education. Parents are also encouraged to view the material for these lessons in advance too so they are aware of what is to be taught and ask any questions they may have. We seek to support parents in continuing these conversations at home.

"Parents have the right to request that their child be withdrawn from some or all of sex education delivered as part of statutory Relationships and Sex Education" DfE Guidance p.17

The school will inform parents of this right by a letter that has a link to our opt-out form which must be completed and received by the Principal.

Monitoring and Review

The Academy Council monitors this policy on an annual basis. The Council gives serious consideration to any comments from parents about the PSHE (RSHE) programme, and makes a record of all such comments. An allocated governor scrutinises and ratifies teaching materials to check they are in accordance with the school's ethos.

Appendix 1

Physical health and mental well-being education in Primary schools – DfE Guidance

The focus in primary school should be on teaching the characteristics of good physical health and mental wellbeing. Teachers should be clear that mental well-being is a normal part of daily life, in the same way as physical health.

By the end of primary school:

	Pupils should know	Coverage in the Jigsaw scheme of work
Mental wellbeing	<ul style="list-style-type: none"> ● H1 that mental wellbeing is a normal part of daily life, in the same way as physical health. ● H2 that there is a normal range of emotions (e.g. happiness, sadness, anger, fear, surprise, nervousness) and scale of emotions that all humans experience in relation to different experiences and situations. ● H3 how to recognise and talk about their emotions, including having a varied vocabulary of words to use when talking about their own and others’ feelings. ● H4 how to judge whether what they are feeling and how they are behaving is appropriate and proportionate. ● H5 the benefits of physical exercise, time outdoors, community participation, voluntary and service-based activity on mental well-being and happiness. ● H6 simple self-care techniques, including the importance of rest, time spent with friends and family and the benefits of hobbies and interests. ● H7 isolation and loneliness can affect children and that it is very important for children to discuss their feelings with an adult and seek support. ● H8 that bullying (including cyberbullying) has a negative and often lasting impact on mental well-being. ● H9 where and how to seek support (including recognising the triggers for seeking support), including whom in school they should speak to if they are worried about their own or someone else’s mental well-being or ability to control their emotions (including issues arising online). ● H10 it is common for people to experience mental ill health. For many people who do, the problems can be resolved if the right support is made available, especially if accessed early enough. 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> ● Healthy Me ● Relationships ● Changing Me ● Celebrating Difference
Internet safety and harms	<ul style="list-style-type: none"> ● H11 that for most people the internet is an integral part of life and has many benefits. ● H12 about the benefits of rationing time spent online, the risks of excessive time spent on 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> ● Relationships

	<p>electronic devices and the impact of positive and negative content online on their own and others' mental and physical wellbeing.</p> <ul style="list-style-type: none"> ● H13 how to consider the effect of their online actions on others and knowhow to recognise and display respectful behaviour online and the importance of keeping personal information private. ● H14 why social media, some computer games and online gaming, for example, are age restricted. ● H15 that the internet can also be a negative place where online abuse, trolling, bullying and harassment can take place, which can have a negative impact on mental health. ● H16 how to be a discerning consumer of information online including understanding that information, including that from search engines, is ranked, selected and targeted. ● H17 where and how to report concerns and get support with issues online. 	<ul style="list-style-type: none"> ● Healthy Me
Physical health and fitness	<ul style="list-style-type: none"> ● H18 the characteristics and mental and physical benefits of an active lifestyle. ● H19 the importance of building regular exercise into daily and weekly routines and how to achieve this; for example, walking or cycling to school, a daily active mile or other forms of regular, vigorous exercise. ● H20 the risks associated with an inactive lifestyle (including obesity). ● H21 how and when to seek support including which adults to speak to in school if they are worried about their health. 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> ● Healthy Me
Healthy eating	<ul style="list-style-type: none"> ● H22 what constitutes a healthy diet (including understanding calories and other nutritional content). ● H23 the principles of planning and preparing a range of healthy meals. ● H24 the characteristics of a poor diet and risks associated with unhealthy eating (including, for example, obesity and tooth decay) and other behaviours (e.g. the impact of alcohol on diet or health). 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> ● Healthy Me
Drugs, alcohol and tobacco	<ul style="list-style-type: none"> ● H25 the facts about legal and illegal harmful substances and associated risks, including smoking, alcohol use and drug-taking 	
Health and prevention	<ul style="list-style-type: none"> ● H26 how to recognise early signs of physical illness, such as weight loss, or unexplained changes to the body. ● H27 about safe and unsafe exposure to the sun, and how to reduce the risk of sun damage, including skin cancer. 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> ● Healthy Me

	<ul style="list-style-type: none"> ● H28 the importance of sufficient good quality sleep for good health and that a lack of sleep can affect weight, mood and ability to learn. ● H29 about dental health and the benefits of good oral hygiene and dental flossing, including regular check-ups at the dentist. ● H30 about personal hygiene and germs including bacteria, viruses, how they are spread and treated, and the importance of handwashing. ● H31 the facts and science relating to immunisation and vaccination 	
Basic first aid	<ul style="list-style-type: none"> ● H32 how to make a clear and efficient call to emergency services if necessary. ● H33 concepts of basic first-aid, for example dealing with common injuries, including head injuries. 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> ● Healthy Me
Changing adolescent body	<ul style="list-style-type: none"> ● H34 key facts about puberty and the changing adolescent body, particularly from age 9 through to age 11, including physical and emotional changes. ● H35 about menstrual wellbeing including the key facts about the menstrual cycle. 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> ● Changing Me ● Healthy Me
