

## How you can help your child at home:

### English

We will be reading stories from familiar authors, historical setting and animal poetry. The book that we will read in our English unit for the first two weeks is called *Room on the Broom* by Julia Donaldson. A visit to the library is a great way to familiarise your child to the story. Follow the code below to hear the story.

### Science

Metal, plastic, wood, glass... just some of the materials we use to make the things that surround us. Find out what your child will be taught about materials and their properties in year 2, then try some hands-on activities to support their learning at home.

Scan this code:

### History

There will be an exciting workshop of activities to consolidate their learning of *The Great Fire Of London*. The children will have the opportunity to experience life during the time of the *Great Fire* in 1666 through research, acting out and will be constructing cardboard houses in our DT lesson.

These fantastic websites tell the story of the *Great Fire* of London through different characters and has video, games, photographs and information about the *Great Fire* of London.
