

How you can help your child at home:

English

Recounts

In English, children will be writing a set of instructions on how they made their animal puppets. They will use key features of instructional writing using the correct technical terms, for example chronological order, simple precise language and imperative or bossy verbs.

Science

Science - Scan the QR code to find out about plants.

Geography

In geography, we will be exploring the continent Africa and the main focus will be Kenya. The children will be comparing the UK to Kenya and looking at the similarities and differences. They will use a range of tools to understand landscapes of contrasting environments.

During 2MJ's class assembly, the children were given a colourful glimpse of Kenya's culture! Children will be given an opportunity to explore and learn about the diverse culture.
