

How you can help your child at home.

Maths – Time

Time is a concept that many children find difficult to understand and so it is important to keep revisiting this topic to really understand the concept of time. Have a look at this website for key facts about time and questions linked to time. (Scan the QR code or visit the link below.)

Science – Earth, Moon & Space

Year 5 will be continuing learning more about the solar system focusing predominately in building pupil's understanding of the mechanics of the star system, our place in the solar system and space exploration.
